PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

August 1980

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is also included with Franklin County data on all Tables but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

a/ See reverse for presentation of payments included in Other.

b/ Includes 3,277 children eligible for Medical Only but are members of AFDC money payment families.

c/ Unemployment: Federal regulation relates to restrictive categorical UP criteria of unemployment and includes eligibility of parents. State regulation has liberal definition of unemployment but limits eligibility to children of unemployed parents.

d/ The proportion of children included in the total number of recipients receiving the specified types of medical services is represented by the following ratios. Total-unduplicated, all services combined 55.6, Inpatient 35.0, Outpatient 56.4, Physicians 53.2, Drug 52.3, Dental 65.7, Nursing Home 100.0, Home Health 52.5, Mental Health Clinic 70.3, Family Planning 87.3, ICF 25.0, and Transportation 53.5.

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

September 1980

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is also included with Franklin County data on all Tables but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

a/ See reverse for presentation of payments included in Other.

b/ Includes 3,309 children eligible for Medical Only but are members of AFDC money payment families.

c/ Unemployment: Federal regulation relates to restrictive categorical UP criteria of unemployment and includes eligibility of parents. State regulation has liberal definition of unemployment but limits eligibility to children of unemployed parents.

d/ The proportion of children included in the total number of recipients receiving the specified types of medical services is represented by the following ratios. Total-unduplicated, all services combined-57.8, Inpatient 36.5, Outpatient 56.9, Physicians 55.7, Drug 54.5, Dental 65.9, Nursing Home 100.0, Home Health 50.0, Mental Health Clinic 58.7, Family Planning 17.6, ICF 91.7, and Transportation 63.5.

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

October 1980

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is also included with Franklin County data on all Tables but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

a/ See reverse for presentation of payments included in Other.

b/ Includes 3,430 children eligible for Medical Only but are members of AFDC money payment families.

c/ Unemployment: Federal regulation relates to restrictive categorical UP criteria of unemployment and includes eligibility of parents. State regulation has liberal definition of unemployment but limits eligibility to children of unemployed parents.

d/ The proportion of children included in the total number of recipients receiving the specified types of medical services is represented by the following ratios. Total-unduplicated, all services combined-52.4, Inpatient 32.5, Outpatient 48.4, Physicians 51.3, Drugs 51.4, Dental 60.8, Nursing Home 66.7, Home Health 38.7, Mental Health Clinic 56.4, Family Planning 12.3, ICF 83.3, and Transportation 57.9.

e/ Data incomplete. See Footnote e/ on Table II.

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

November 1980

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is also included with Franklin County data on all Tables but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

a/ See reverse for presentation of payments included in Other.

b/ Includes 3,451 children eligible for Medical Only but are members of AFDC money payment families.

c/ Unemployment: Federal regulation relates to restrictive categorical UP criteria of unemployment and includes eligibility of parents. State regulation has liberal definition of uneployment but limits eligibility to children of unemployed parents.

d/ The proportion of children included in the total number of recipients receiving the specified types of medical services is represented by the following ratios. Total-unduplicated, all services combined 57.2, Inpatient 35.8, Outpatient 55.7, Physicians 55.9, Drug, 57.0, Dental 65.0, Home Health 56.8, Mental Health Clinic 61.2, Family Planning 17.0, ICF 100.0, and Transportation 63.7.

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

DECEMBER 1980

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is also included with Franklin County data on all Tables but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

Calendar Year 1980

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Hopkins, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is also included with Franklin County data on all Tables but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

a/ See Table II for number of eligible recipients for whom a medical payment was made.
b/ Classification by detailed eligibility criteria for Categorically Needy aged, blind, and disabled recipients is unavailable.
c/ See Table II for miscellaneous medical payments not included in the county data.
d/ County data will not add to total due to loss of less than one percent of AFDC payment data in December 1980.
e/ Beginning August 1980, Guardianship cases residing in ICF's Exception/Outwood, Oakwood, and Hazelwood; Central, Eastern, and Western Mental Hospitals; or Personal Care or Family Care Homes throughout the state were transferred to Central Office in Franklin County. As of December 1980, the number of such cases transferred to Franklin County is 1,682 (1,334 Categorically Needy and 348 Medically Needy). The average monthly number for Franklin County during Calendar Year 1980, excluding such transfers is approximately 2,515 Categorically Needy and 484 Medically Needy.

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

January 1981

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Hopkins, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is contained in county of committee's location which is primarily Franklin County but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

February 1981

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Hopkins, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is contained in county of committee's location which is primarily Franklin County but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

a/ See reverse for presentation of payments included in Other.

b/ Includes 3,474 children eligible for Medical Only but are members of AFDC money payment families.

c/ Unemployment: Federal regulation relates to restrictive categorical UP criteria of unemployment and includes eligibility of parents. State regulation has liberal definition of unemployment but limits eligibility to children of unemployed parents.

d/ The proportion of children included in the total number of recipients receiving the specified types of medical services is represented by the following ratios. Total-unduplicated, all services combined 59.1, Inpatient 35.8, Outpatient 58.0, Physicians 56.6, Drugs 58.8, Dental 61.7, Nursing Home 100.0, Home Health 59.1, CMHC 64.0, Primary Care 79.4, Family Planning Other 14.1, ICF Basic 80.0, and Transportation 61.4.

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

March 1981

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Hopkins, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is contained in county of committee's location which is primarily Franklin County but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

1/ Emergency (ambulance) Transportation and "Other" Transportation represent two different types of transportation service needs; hence, usually reflects different recipients in each type. Unduplicated persons receiving emergency and/or "Other" is 7,821.

2/ Reflects cost settlements for Mental Health Clinic only.

3/ Includes payments for $920,431 for 5,539 Mental Health Clinic recipients and $188,320 for 3,367 Primary Care Clinic recipients.

4/ County and recipient data unavailable under MMIS payment procedure.

5/ Under MMIS payment procedure, break between Vision Exam and Vision Material is not available.

6/ Excludes recipient data related to Family Planning Clinic payments which are paid under MMIS. See footnote 4/ above.

7/ Reflects payments for mentally retarded recipients in Public IC facilities Hazelwood (Jefferson County) and Oakwood (Pulaski County) in the amount of $981,876 for 201 recipients & $1,776,373 for 407 recipients respectively. ICF-Public MR payments displayed in other counties denote location of recipients home county or Committee case (e.g., Franklin County contains "Guardianship Cases").

a/ See reverse for presentation of payments included in Other.

b/ Includes 3,510 children eligible for Medical Only but are members of AFDC money payment families.

c/ Unemployment: Federal regulation relates to restrictive categorical UP criteria of unemployment and includes eligibility of parents. State regulation has liberal definition of unemployment but limits eligibility to children of unemployed parents.

d/ The proportion of children included in the total number of recipients receiving the specified types of medical services is represented by the following ratios. Total-unduplicated, all services combined 54.1, Inpatient 37.2, Outpatient 51.4, Physicians 52.7, Drug 53.5, Dental 54.1, Nursing Home 80.0, Home Health 53.7, Community Mental Health Clinic 65.7, Primary Care 79.5, Family Planning Other 10.8, ICF Basic 80.0, & Transportation 52.8.

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

April 1981

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood, Oakwood, or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Hopkins, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is contained in county of committee's location which is primarily Franklin County but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

1/ Emergency (ambulance) Transportation and "Other" Transportation represent two different types of transportation service needs; hence, usually reflects different recipients in each type. Unduplicated persons receiving emergency and/or "Other" is 7,501.

2/ Reflects cost settlement for Primary Care Clinic only.

3/ Includes payments of $616,006 for 4,510 Mental Health Clinic recipients and $258,079 for 4,540 Primary Care Clinic recipients.

4/ County and recipient data unavailable under MMIS payment procedure.

5/ Under MMIS payment procedure, break between Exam and Material is not available for Vision and Hearing.

6/ Excludes recipient data related to Family Planning Clinic payments which are paid under MMIS. See footnote 4/ above.

7/ Reflects payments for mentally retarded recipients in Public IC facilities Hazelwood (Jefferson County) and Oakwood (Pulaski County) in the amounts of $10,960 for 6 recipients and $45,750 for 21 recipients respectively. ICF-Public MR payments displayed in other counties denote location of recipient's home county or committee case (e g. Franklin County contains "Guardianship Cases").

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

May 1981

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood, Oakwood, or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Hopkins, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is contained in county of committee's location which is primarily Franklin County but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

1/ Emergency (ambulance) Transportation and "Other" Transportation represent two different types of transportation service needs; hence, usually reflects different recipients in each type. Unduplicated persons receiving emergency and/or "Other" is 9,198.

2/ Reflects cost settlements to Community Mental Health Clinic only.

3/ Includes payments of $544,517 for 4,247 Community Mental Clinic recipients and $275,880 for 4,395 Primary Care Clinic recipients.

4/ County and recipient data unavailable under MMIS payment procedure.

5/ Under MMIS payment procedure, break between Exam and Material is not available for Vision and Hearing.

6/ Excludes recipient data related to Family Planning Clinic recipients which are paid under MMIS. See footnote 4/ above.

7/ Reflects payments for mentally retarded recipients in Public IC facilities Hazelwood (Jefferson County) and Oakwood (Pulaski County) in the amounts of $1,060,833 for 207 recipients and $1,982,956 for 419 recipients, respectively. ICF-Public MR payments displayed in other counties denote location of recipient's home county or committee case (e.g. Franklin County contains "Guardianship Cases").

a/ See reverse for presentation of payments included in Other.

b/ Includes 3,568 children eligible for Medical Only but are members of AFDC money payment families.

c/ Unemployment: Federal regulation relates to restrictive categorical UP criteria of unemployment and includes eligibility of parents. State regulation has liberal definition of unemployment but limits eligibility to children of unemployed parents.

d/ Includes adults whose eligibility is based on policy for "unborn child"; hence, adults for "state" unemployment regulation. The number of such adults in other categories is unknown.

e/ The proportion of children included in the total number of recipients receiving the specified types of medical services is represented by the following ratios: total-unduplicated, all services combined-58.3; Inpatient 41.4, Outpatient 54.8, Physicians 57.0, Drug 55.4, Dental 61.9, Nursing Home 80.0, Home Health 58.1, Community Mental Health Clinic 61.6, Primary Care 79.6, Family Planning Other 14.3, ICF Basic 80.0, & Transportation 59.8.

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

June 1981

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood, Oakwood, or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Hopkins, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is contained in county of committee's location which is primarily Franklin County but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

b/ Elibible recipients are understated by approximately 3.5% because of computer errors. Utilizers reflect bills paid for more than one time period which results in an overstatement of utilizers for this month. Total utilization is estimated. Individual types of service utilization is not significantly impacted.

c/ Average money payment: AABD Supplementation $112.83 per person -- $157.42 in Personal Care Home, $79.65 in Family Care Home, and $37.22 in Caretaker; AFDC payment of $181.06 per family and $70.24 per person.

d/ Represents cost settlement for General Hospital only.

e/ County and recipient data unavailable for MMIS/Miscellaneous payments.

a/ See reverse for presentation of payments included in Other.

b/ Includes 3,642 children eligible for Medical Only but are members of AFDC money payment families.

c/ Unemployment: Federal regulation relates to restrictive categorical UP criteria of unemployment and includes eligibility of parents. State regulation has liberal definition of unemployment but limits eligibility to children of unemployed parents.

d/ Reflects adults whose eligibility is based on policy for "unborn child"; hence, adults for "state" unemployment regulation. The number of such adults in other categories is unknown.

e/ The proportion of children included in the total number of recipients receiving the specified types of medical services is represented by the following ratios: total-unduplicated, all services combined 53.4, Inpatient 34.4, Outpatient 49.1, Physicians 52.2, Drug 50.2, Dental 56.3, Nursing Home 50.0, Home Health 55.6, Community Mental Health Clinic 64.1, Primary Care 80.3, Family Planning Other 11.1, ICF Basic 75.0, & Transportation 55.1.

S 3140-2 (A) annual Summary

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

State Fiscal Year 1981: July 1980 - June 1981

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood, Oakwood, or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Hopkins, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is contained in county of committee's location which is primarily Franklin County but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

a/ See reverse for presentation of payments included in Other.

b/ Includes average monthly number of 3,452 children who are ineligible members of AFDC.

c/ Unemployment: Federal regulation relates to restrictive categorical UP criteria of unemployment and includes eligibility of parents. State regulation has liberal definition of unemployment but limits eligibility to children of unemployed parents.

d/ Reflects adults whose eligibility is based on policy for "unborn child"; hence, adults for "state" unemployment regulation. The number of such adults in other categories is unknown.

e/ The proportion of children included in the total number of recipients receiving the specified types of medical services is represented by the following ratios: total-unduplicated, all services combined 58.1, Inpatient 37.8, Outpatient 56.0, Physicians 56.3, Drugs 56.4, Dental 62.8, Nursing Home 100.0, Home Health 56.0, Community Mental Health 68.3, Primary Care 80.8, Family Planning 78.0, ICF Basic 80.0, and Transportation 61.3.

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

July 1981

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood, Oakwood, or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Hopkins, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is contained in county of committee's location which is primarily Franklin County but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

b/ Eligible recipients are understated by approximately 3% because of computer errors. Utilizers reflect bills paid for more than one time period which results in an overstatement of utilizers this month. Total utilization is estimated. Individual types of service utilization is not significantly impacted.

c/ Average money payment: AABD Supplementation $115.12 per person -- $161.01 in Personal Care Home, $80.76 in Family Care Home, & $37.75 in Caretaker; AFDC payment of $178.04 per family and $69.27 per person.

d/ Represents cost settlement for General Hospital only.

e/ County and recipient data unavailable for MMIS/Miscellaneous payments.

1/ Emergency (ambulance) Transportation and "Other" Transportation represent two different types of transportation service needs; hence, usually reflects different recipients in each type. Unduplicated persons receiving emergency and/or "Other" is 8,453.

2/ Represents cost settlement to Mental Health Clinic only.

3/ Includes $764,721 in payments to 4,629 Community Mental Health recipients and $286,427 in payments to 4,365 Primary Care Clinic recipients.

4/ County and recipient data unavailable under MMIS payment procedure.

5/ Under MMIS payment procedure, separation between Exam and Material for Vision and Hearing is not available.

6/ Excludes recipient data related to Family Planning Clinic which is paid under MMIS. See footnote 4/ above.

7/ Reflects payments for mentally retarded recipients in Public IC facilities Hazelwood (Jefferson County) and Oakwood (Pulaski County) in the amounts of $524,797 for 192 recipients and $958,138 for 381 recipients, respectively. ICF-Public MR payments displayed in other counties denote location of recipient's home county or committee case (e.g. Franklin County contains "Guardianship Cases").

a/ See reverse for presentation of payments included in Other.

b/ Includes 3,666 children eligible for Medical Only but are members of AFDC money payment families.

c/ Unemployment: Federal regulation relates to restrictive categorical UP criteria of unemployment and includes eligibility of parents. State regulation has liberal definition of unemployment but limits eligibility to children of unemployed parents.

d/ Reflects adults whose eligibility is based on policy for "unborn child"; hence, adults for "state" unemployment regulation. The number of such adults in other categories is unknown.

e/ The proportion of children included in the total number of recipients receiving the specified types of medical services is represented by the following ratios: total-unduplicated, all services combined 51.1, Inpatient 33.0, Outpatient 51.4, Physicians 53.3, Drug 52.8, Dental 62.2, Nursing Home 75.0, Home Health 64.0, Community Mental Health Clinic 64.6, Primary Care 78.4, Family Planning Other 14.6, & Transportation 57.0.
